

St Andrew's Eco News

Dear All,

Due to the current restrictions we are unable to hold our Eco Warriors Council meetings with the children in school as we would normally do. However this won't stop us applying to renew our Eco School's Green Flag award this year and our on going commitment to eco initiatives.

One of our focuses has always been on reducing litter and we have a daily litter picking rota in school in our bubbles. We were hoping to organise a community litter pick in the local area but with the current guidelines, this has not been possible.

This is where you can help!

Over the next few weeks Keep Britain Tidy and The Marine Conservation Society have organised some national litter campaigns, **"The Great British September Clean"** and **"The Great British Beach Clean"**.

Click on the links for more information. You don't need to register or log in as we have already done this as a school.

All we ask is if you are out in the local area or take a trip to the beach and spot some litter, please can you dispose of it. You don't have to spend a long time, just half an hour cleaning up a small area with your family can make all the difference! Please remember to follow the covid guidelines and only go out with people in your own household.

If you are able to take part, it would be great to hear how you got on. Tweet or email us your photos and let us know who worked with you and how much rubbish you cleared up.

Thanks for all your support!
